

PROWD

PROfessional Women with Doctorates

Mentor Registration Form

Mentoring is a relationship between an experienced person (mentor) and a person at the beginning of their career (mentee), who meet regularly on jointly defined terms to discuss questions concerning the mentee's career.

The PROWD programme runs from October 2022 to May 2023. Exchanges between mentees and mentors can take place throughout the programme. The mentoring relationship can continue beyond the end of the programme, if both parties agree.

1. Personal Data

1.1. Details

Last name:

First name:

Faculty:

Institute/Department:

Address for correspondence:

Phone number:

E-mail address:

2. Mentoring
